

**Area 20**  
**Hocking - Fairfield**  
**Pickaway - Ross - Vinton**

**Area 20/21**  
**Self-Sufficiency Definition for Employed Individuals**

The local definition of “self-sufficiency”, for the Area 20/21, is as follows:

**Adults:** Individual income is at or above 300% of poverty level

**Dislocated Workers:** Hourly wage is at or above 85% of the Dislocation (Pre-Program) Wage

Based upon this definition, those employed individuals seeking intensive, education and training assistance under the WIOA who earn less than the appropriate guideline above, will be considered “not self-sufficient” and therefore be eligible for registration consideration for services beyond core level.
